

Budget Amendment for Restricted Accounts (BARA)

The on-line Budget Amendment for Restricted Accounts (BARA) documentation is divided into the following sections:

Introduction to the BARA Form

- [Overview](#)

Use of the BARA Form

- [How to Pull Up a Blank Form](#)
- Page 1 - [Initial Information](#)
- Page 2 - [Salary Expenditures](#)
 - [Additional Salary Lines Window](#)
- Page 3 - [Additional Expenditures](#)
 - [Additional Expense Object Codes Window](#)
- Page 4 - [Indirect Costs and Cost Sharing](#)
- Page 5 - [Notepad Area](#)

Introduction to the BARA Form

Overview

Once an Add University Restricted Account (AURA) form is done to create a new Restricted Account Number (budget/fund combination), the Budget Amendment for Restricted Accounts (BARA) form can be used to establish an operating budget for that account or to budget supplemental funds received for that Restricted Account.

The BARA form is also used to realign budget categories within the same Restricted Account.

Use of the BARA Form

How to Pull Up a Blank Form

To pull up a blank **BARA** form:

- Select **CCOM** from the **Net-Pass Activity Table** to go into the production environment.
- Select **IBIS Admin Menus** at the **Com-Pass** screen.

11/08/95 10:36:00.9	INTEGRATED BUSINESS INFORMATION SYSTEM E A S Y - FINANCIAL SYSTEM	M4F1 MLP3
Any of the functions included in this system can be invoked by entering the corresponding function code on the command line next to 'NEXT FUNCTION:'. The following functions are available:		
<u>FUNCTION</u>	<u>DESCRIPTION</u>	<u>FUNCTION</u> <u>DESCRIPTION</u>
AURA	Add Univ. Restricted Accts	
BARA	Budget Amend. Restr. Accts	
NEXT FUNCTION: BARA 1 PREV MENU: M2AS		
Enter-PF1---PF2---PF3---PF4---PF5---PF6---PF7---PF8---PF9---PF10---PF11---PF12---		
HELP MENU CMPS END KEYS PRINT .		

1. At **NEXT FUNCTION**, type **BARA**.

Press **ENTER**, a blank **BARA** form will appear.

> Note:

To locate the form within the IBIS menus, follow the steps below:

1. At the **M1M1** (IBIS Main Menu) menu, enter **M2AS** (EASY Electronic Approval System) at the **Next Function** line and press **Enter**.

2. At the **M2AS** menu, enter **M3FM** (EASY forms) at the **Next Function** line and press **Enter**.
3. At the **M3FM** menu, enter **M4FI** (Financial) at the **Next Function** line and press **Enter**.
4. At the **M4FI** menu, enter **BARA** (Budget Amendment for Restricted Accounts) at the **Next Function** line to pull up the blank **BARA** form.

Fringe Wage: 8.60     Ind Calc Type: PRIME    Ind Calc Prime Rate: 60.00
NEXT FUNCTION: _____  <MENU,KEYS,END>

```

1. At **Form Action** enter **ADD**.
2. At **Confidential**, the **N** can be changed to a **Y**.
3. At **Next Approver**, you can enter user id of the person to approve the form if you would like to route to an optional approver rather than the default.
4. At **Account Number**, enter the appropriate budget number and fund for the restricted account.
5. At **New or Revision**, enter **N** (new) or **R** (revision).
 - o **N** (new) will post as a permanent budget detail.
 - o **R** (revision) will post as a temporary budget detail.

- If you leave the "Y" at **Automatically Calculate Fringe & Overhead (Y/N)**, the form will use the rates and codes listed below the dotted line to calculate fringe benefits, indirect costs, and cost sharing if applicable. If you type in an "N" (no), calculations will not be done.

If you leave the default "Y" and **ADD** the form so the calculations occur, you can afterwards do a **CHG** (change) to the form and replace the "Y" with an "N". This action will allow you to change amounts without recalculating the fringe benefits, indirect costs, or cost sharing. An example of where this is helpful is when the contract is for \$50,000.00 and the automatic calculations result in a total expense of \$50,000.60. You can reduce one of the fringe rates by \$0.60 and then the total expense will be \$50,000.00.

> Note:

- With either a "Y" or an "N", the form will always add the amount from all the lines to arrive at a total.

Press Enter and the Account Name, Project Director, and the information below the dotted line will be primed using the Chart of Accounts (COA).

Press **PF8** to continue to Page 2 of the BARA form.

NEXT FUNCTION: _____		<MENU,KEYS,END>	

1. Any **Indirect Costs** will be automatically calculated based on the rates and codes stored on the **Chart of Accounts**. The system will determine which object codes are applicable based on the **Indirect Cost** code. It will take into account whether more than one indirect cost rate is applicable (i.e., Prime, ARL, etc.). The **Indirect Cost** field is modifiable.
2. The **Cost Sharing** figure will be automatically calculated **IF** a **Cost Sharing Rate** is stored on the **Chart of Accounts** for the specific account. The **Cost Sharing** field is modifiable.

Press **PF8** to continue to Page 5 of the BARA form.
